Alabama is blessed with the most perfect weather in the South. When paired with the region's ideal golf destinations, the only question to be settled is exactly which days you'll book the Robert Trent Jones Golf Trail and begin your well-earned, overdue escape.

Chances are you still remember your first escape to Alabama's RTJ courses many years ago. Your first thought was being surprised that Alabama had enough golf courses to be worthy of the name "Robert Trent Jones." And people were surprised to learn that Mr. Jones was personally involved in the selection and design of the properties that were sculpted into spectacular holes and courses. The CEO of the Retirement Systems of Alabama, Dr. David G. Bronner, hired a helicopter to fly the world's best golf course architect from one end of the state to another to personally select property into which Mr. Jones could sculpt jaw-dropping courses. And Mr. Jones did exactly what he promised.

When someone challenged Dr. Bronner by saying that Alabama did not have sufficient landscaped courses to attract out-of-state golfers, Dr. Bronner calmly responded, "It will have them when we are ready to open."

Months later, newspaper sports pages, golf magazines, and television sports reporters came to Alabama and were able to report that Alabama had accomplished what had been promised. In less than two years, newspapers and magazines across the South confirmed that the state that had been best known for college football had, in fact, reinvented itself. Just to make sure that golfers got the message, Dr. Bronner started buying television stations to air commercials that Alabama did, in fact, offer the quality of courses that they had promised.

To get the message out that Alabama had something to offer that no other state had, the RSA funded the development of Raycom Media TV (purchased in 2019 by Gray TV) and shared free trade advertising with Alabama Tourism and other state attractions, in addition to airing ads that helped create RTJ's thriving golf attraction. Thanks in large part to the ads running in numerous TV markets and reaching a significant percentage of U.S. households, Alabama Tourism has grown from \$3 billion to a whopping \$25 billion.

Whether this year will be the first or fifteenth year to play the Trail, get ready. Alabama is ready to change what you thought you knew about public golf.

### GOLF DESTINATIONS PERFECT FOR GROUP TRIPS

Whether you're playing with family or friends, these Southern courses cater to the dream team.

#### ALABAMA GETAWAY GRAND NATIONAL, OPELIKA

Every golfer dreams of swapping a saddle for a golf cart and riding Alabama's Robert Trent Jones Golf Trail. With apologies to Smokey and the Bandit, few convoys compare to a golf group hightailing it between the RTJ Trail's 11 golf sites. Grand National is the way to go if you'd rather stay put to putt. The Lake and Links Courses set

up perfectly for team competition, on two challenging eighteens where many of the holes shadow Lake Saugahatchee. The lakeside Short Course, considered among the most picturesque par-three layouts in America, adds another score settling component. The Mickelson and Morris Oster Golf Houses overlook the Lake Course, sleep eight comfortably, and feature a private putting green among other sporting amenities.

GOLF TRAIL AT ROSS BRIDGE,  
HOOVER, AL - 8,168 YARDS, PAR 72  
The former home of a Champions Tour event (The Regions Charity Classic from 2006-10), Ross Bridge is not only one of the longest golf courses in the world, but also a favorite of the 11 sites on the Robert Trent Jones Golf Trail. Most golfers never

see the back tees on this scenic parkland course, which features 10 holes that play along the banks of two man-made lakes connected by a waterfall dropping 80 feet between the ninth and 18th greens. The course, which can be played as short as 4,800 yards, is part of the Renaissance Birmingham Ross Bridge Golf Resort & Spa.

### AMERICA'S OLDEST GOLF RESORTS

America's oldest golf resorts combine the elegance and traditions of days gone by with some fun and challenging courses.

In 1766, two years after the Old Course at St. Andrews shrank from 22 holes to 18, an 18-room wooden hotel opened near a series of natural hot springs in Virginia's Allegheny Mountains. Golf didn't come to The Homestead Resort for another 126 years, but that property still holds the titles of both first resort and first resort golf course in the country. A number of other early American golf resorts—all listed among the Historic Hotels of America, part of the National Trust for Historic Preservation—are still going strong, offering the chance to enjoy the modern game at long-tenured venues.

GRAND HOTEL GOLF RESORT & SPA  
POINT CLEAR, ALABAMA (1847)  
Long known as the "Queen of Southern Resorts," the original Grand Hotel opened on Mobile Bay with 40 rooms and a shaded gallery. Its military service began in 1863 as a makeshift hospital for the Battle of Vicksburg, and was later a World War II Army Air Corps training site. Perry Maxwell—famous for Southern Hills, Old Town Club, and numerous renovations—opened the tree-lined Dogwood Course in 1947. A second 18, Azalea, was finished in 1983. Both courses are part of the state's Robert Trent Jones Golf Trail.

RTJ GOLF TRAIL AT MAGNOLIA GROVE  
SHORT #11

# A GROVE

**THE SOUTHERNMOST STOP ON THE RTJ GOLF TRAIL**

“The sun never sets on a Robert Trent Jones Sr. course,” the architect himself was fond of saying. No doubt about it. The guy got around, designing upwards of 500 courses around the globe in a career that spanned seven decades. In the early 1990s, though, Jones. Sr. accepted an assignment that would keep him in one time zone for years. »

BY JOSH SENS + COURTESY OF GOLF MAGAZINE

The job offer came by way of Dr. David G. Bronner, CEO of the Retirement Systems of Alabama, who was out to diversify the pension fund he ran while boosting the economic fortunes of his state. To call the plan ambitious was an understatement. The blueprint called for a constellation of courses;

RTJ GOLF TRAIL AT MAGNOLIA GROVE  
FALLS #10

a multi-layout lallapalooza amounting to some 100 miles of golf. It was the largest golf-construction project of all time, begging to have an architect with gravitas behind it.

By then, Jones Sr. was in his 80s but still spry in spirit, with energy to match his famously robust ego. The scale of the

endeavor was right up his alley. It has his name on it, literally. Emerging from semi-retirement, the architect got busy. In 1992, he cut the ribbon on the Robert Trent Jones Golf Trail.

Stretching the top-to-bottom length of the state, from Muscle Shoals in the

northwest to Mobile in the south, the Trail began with 378 holes at eight sites but has since expanded to 450 holes at 11 locations. It has grown in recognition, too, earning a reputation as a marquee destination for affordable, accessible, championship-worthy golf. No property better embodies

**RTJ GOLF TRAIL AT MAGNOLIA GROVE**  
**CROSSINGS #5**

those traits than one of the original Trail stops: Magnolia Grove.

Set on wooded land adorned with marshes, creeks, and lakes, Magnolia Grove is home to 54 holes of golf: two 18-hole courses and a par-3 course that routinely ranks among the finest short-courses in

the country. Of the two championship tracks, the Crossings Course has enjoyed more TV time; its brawny parkland design has hosted events on both LPGA Tour and the Korn Ferry Tour. Its 18-hole sibling, the Falls Course, which boasts ample, undulating greens and outsize cloverleaf

bunkers, makes for a unique complement as the only par-71 course on the Trail.

Given its location by the Gulf of Mexico, Magnolia Grove benefits from balmy weather and proximity to beaches. A slate of recent renovations have added to its shine. On the Crossings Course, for

instance, new water features and crushed-oyster shell waste areas have sharpened the strategic challenge and amplified the visual appeal. The Falls Course, for its part, has had several holes modified to make them more player-friendly without compromising Jones' original design.

The result is golf that accommodates all comers: scenic, entertaining, and suited to everyone from Tour pros to recreational players, depending on the tees.

Nearby accommodations abound and can be bundled into stay-and-play packages and special events. Among those occasions

at Magnolia Grove is the 19th annual Couples Challenge, a three-day gathering that includes dining, lodging, and a 36-hole couples' tournament, held on both the Crossings and Falls Courses. This year's event is scheduled for Feb. 20-22. To learn more, visit [rtjgolf.com/coupleschallenge](http://rtjgolf.com/coupleschallenge).

101 SUNBELT PARKWAY  
GREENVILLE, AL | 36037

Known by avid golfers as one of the most beautiful and challenging stops on the Trail, Cambrian Ridge in Greenville lies just 40 miles from Montgomery. It is well worth the ride for any golfer looking for 27 holes of jaw-dropping golf.

Since being named by *Golf Digest* as the third best new public course in America in 1994, Cambrian Ridge has not rested on its laurels. 2016 saw the culmination of a three-year total renovation of the original 27 championship holes set upon the most

spectacular setting for golf in the entire state of Alabama.

The **Loblolly** and **Sherling** nines were completed in 2013 and 2014. The **Canyon** nine redesign and reconstruction were completed in 2016. The greens have

been redesigned to accommodate the higher greens speeds associated with our installation of the latest generation of UltraDwarf Bermuda grass. Additionally, many of the holes have been redesigned to open up views of Sherling Lake and deliver

a challenging test of golf while providing players of all skill levels a variety of ways to play each hole and enjoy the experience.

## ROBERT TRENT JONES GOLF TRAIL AT CAPITOL HILL

2600 CONSTITUTION AVENUE  
PRATTVILLE, AL | 36066

334.285.1114

Named the #2 public golf facility in the country by *Golf World* readers, Capitol Hill continues to get praise from golfers and golf writers alike. *GOLF Magazine* called the Judge Course one of the 10 public courses in America worthy of hosting the U.S. Open while the Senator was named among the Top 10 New Courses in the nation by *GOLF Magazine* and continues

to host the LPGA's Epson Tour Guardian Championship each year.

Located in Prattville, just 8 miles north of Alabama's state capitol, Capitol Hill features three 18-hole championship courses with more than 1,500 acres of golf and nature. The magnitude of this facility allows each course to be drastically different from the others. Capitol Hill also

RTJ GOLF TRAIL AT CAPITOL HILL

features an innovative 360-degree driving range 400 yards in diameter.

The **Senator**, a Scottish-Links style course, holds more than 140 pot-hole bunkers and mounds 20 to 40 feet in height, hiding the cart path or any other hole from view. New TifEagle UltraDwarf greens were installed on the Senator Course in 2020.

With brand new TifEagle UltraDwarf Bermuda greens, nine new forward tees, and upgraded bunkers, golfers will find that the refreshed **Legislator** offers improved playability while maintaining its original character and beauty. Enjoy the view riding down the “Sky Bridge,” laid out in a native cypress swamp, leading back up a bluff to finish the course at the clubhouse.

The **Judge** offers stunning vistas along the backwaters of the Alabama River. The first tee sits 200 feet above the fairway overlooking the river and the Montgomery skyline. With 14 holes adjoining the water and a bulkheaded island green, the Judge is simply magnificent.

# GRAND NATIONAL

## ROBERT TRENT JONES GOLF TRAIL AT GRAND NATIONAL

📍 3000 ROBERT TRENT JONES TRAIL  
OPELIKA, AL | 36801

📞 334.749.9042

Voted the #1 public golf facility in America by the readers of *Golf World*, Robert Trent Jones Sr. is on record saying that Grand National was the single greatest natural site for golf he had ever seen. Grand National is built on 600-acre Lake Saugahatchee with 32 of the 54 holes draped along its filigreed shores. National Village, a golfing community on the Trail, is adjacent to these courses.

With countless awards and recognition from every major golf publication, Grand National stands out as perhaps the only property in the country to host the following events and tours: NCAA D1 Men's and Women's National Championships; LPGA Tour; Epson Tour (LPGA); Korn Ferry Tour (PGA TOUR); PGA TOUR.

RTJ GOLF TRAIL AT GRAND NATIONAL  
LINKS #17

The cornerstone of the complex is the newly renovated **Links Course**, which is without a single weakness. Featuring new tees, bunkers, and the very best TifEagle UltraDwarf greens, the Links Course is a definite must-play along the Trail. The par-4 18th is without a doubt the strongest finishing hole on the Trail. The drive must carry a corner of the lake, while the

approach is played to a shallow pedestal green shored up by massive boulders.

With 12 holes hugging the shore, Grand National's **Lake Course** is every bit as scenic as the Links. Not only is the quartet of par threes on the Lake Course as good as any in the nation, the 230-yard, island green 15th may be the single prettiest hole on the Trail.

The **Short Course** is a thing of beauty, with more than half the holes touching the lake. Renovated in 2022 to include TifEagle UltraDwarf greens, this 18-hole course of par 3's might be the finest anywhere in the country.

Hampton Cove, the Northern gateway to the Trail, is a 54-hole facility in Huntsville with terrain that drastically changes from one side of the property to the other.

The **Highlands Course** is one of the most picturesque and playable courses

on the Trail. Long waving grasses frame dramatically rolling terrain and beautiful bent grass greens. The old mule barn beside the fifth hole is one of the most recognizable landmarks on the Trail, while the finishing holes are among the most scenic.

RTJ GOLF TRAIL AT HAMPTON COVE  
RIVER #12

Completely different from the Highlands is the **River Course**, the only Robert Trent Jones layout in the world designed without a single bunker. The course is laid out on former soybean fields in the flood plain of the Flint River and is a throwback to the

way courses were built long ago, where dirt was merely pushed up to create the greens and tees, leaving all else, including massive oak trees, as is. With water in play on 16 of the 18 holes, the River Course will challenge your shot-making ability.

The **Short Course** is open and links-like, with water in play on 11 holes. It is a great venue for golfers of all skill levels.

904 ROYAL PARKWAY  
DOTHAN, AL | 36305

334.712.2820

Highland Oaks, located in the southeast corner of Alabama, offers three 9-hole championship courses as well as a 9-hole Short Course. This 36-hole complex features some of the longest and most classically designed holes on the Trail. Each nine has a different personality.

**Highlands**, the core nine, is relatively open with several lakes in play. The peninsula green at the par-3 6th has an elusive, beckoning quality.

**Marshwood** has been made famous (or notorious) by its behemoth par-5 6th, which stretches to 701 yards from the tips.

RTJ GOLF TRAIL AT HIGHLAND OAKS  
HIGHLANDS #6

The 422-yard, par-4 9th is arguably the best hole at the site and has a tilted green elevated above a swath of wetlands.

The **Magnolia** nine is well-named: specimen magnolia trees dot the higher ground, reached via a 1,000-foot long wooden bridge spanning a marsh filled

with lichen-dappled trees. The feature hole is the 416-yard 5th, where a split-level fairway offers an option off the tee.

The recently renovated **Short Course**, a 9-hole par-3 designed to accommodate players of all levels, received TifEagle UltraDwarf greens in 2024.

The championship nines were given TifEagle UltraDwarf greens in 2020, along with a redesign of the practice area with new short game and putting greens.

## ROBERT TRENT JONES GOLF TRAIL AT MAGNOLIA GROVE

7001 MAGNOLIA GROVE PARKWAY  
MOBILE, AL | 36618

Magnolia Grove features two renovated golf courses. Each championship course received extensive upgrades in recent years. Golfers will find more “player friendly” qualities without compromising the integrity of Robert Trent Jones’ original design. Magnolia Grove, the most southern location on Alabama’s Robert Trent Jones Golf Trail, was recently named

one of the “Top 50 Public Courses” by *Golf World Magazine* readers. Both the Crossings and Falls courses are also listed in *Golf Digest’s* “Places to Play” as two of the nation’s Great Value courses and as “America’s Top 50 Affordable Courses.”

The topography at Magnolia Grove features creeks, marshland, and lakes with each of the 54 holes carved through

indigenous hardwood and pine. The **Crossings Course**, which has hosted both the LPGA Tour and the Korn Ferry Tour Championship, provides an open parkland-type ambiance. Several water features and crushed oyster shell waste areas were added to provide an exciting new look. All 18 feature the acclaimed Mini Verde UltraDwarf greens.

The renovated **Falls Course** reopened in October 2010 as the only par-71 golf course on the Trail. The Falls is characterized by large, liberally contoured Mini Verde greens and massive cloverleaf bunkers. Several holes were entirely redesigned, giving the course a brand-new look.

*Golf Digest* has named the **Short Course** at Magnolia Grove as the

best par-3 course in America. Recently renovated, it features all-new putting surfaces with Champion UltraDwarf Bermuda grass. This course is as good as any collection of one-shotters on a championship course.

# OXMOOR VALLEY

## ROBERT TRENT JONES GOLF TRAIL AT OXMOOR VALLEY

100 SUNBELT PARKWAY  
BIRMINGHAM, AL | 35211

205.942.1177

Centrally located in the state and just minutes from the newly revitalized downtown Birmingham area, this 45-hole facility was built on former mining land owned by U.S. Steel. Sculpted from the peaks and valleys of the Appalachians, the courses offer scenic forests, numerous creeks, and challenging elevation changes.

The **Ridge Course** offers numerous elevation changes, heavy tree cover, and is incredibly photogenic. As a tribute to the area's mining past, the green at the par-5 3rd hole is buttressed by a shelf of exposed shale rock.

Completely renovated in 2021, the **Valley Course** features new tees, bunkers, and

RTJ GOLF TRAIL AT OXMOOR VALLEY  
VALLEY #1

beautiful TifEagle greens. For those who have played the Valley in the past, there are also a few new surprises out there with complete redesigns on a few holes, including the previously notorious 18th hole.

**The Back Yard**, opened in 2022, is a collection of fun, interesting holes that feature accessible but challenging hole

locations. This 9-hole par-3 course is where you gather for fun, friendship, and cocktails. Enjoy a drink while sitting around the fire pit in rocking chairs overlooking the 1st tee and the 2nd and 9th greens.

Meant to be played in about an hour by a foursome, The Back Yard is designed with no water hazards and just a handful of

bunkers so that even the most novice golfer will enjoy their experience. At the same time, the scratch player will be challenged by interesting and sometimes confounding green designs.

**ROBERT TRENT JONES GOLF TRAIL  
AT ROSS BRIDGE**

4000 GRAND AVENUE  
HOOVER, AL | 35226

205.949.3085

Beautifully carved into the rolling terrain of Shannon Valley, the scope of this property will amaze even the most-traveled golfer. Ross Bridge was named one of the top golf resorts in North America by *GOLF Magazine* in 2019 and has been a favorite of *Golf Digest* editors for the past five years.

The course meanders through indigenous landscape and around the

259-room Renaissance Birmingham Ross Bridge Golf Resort & Spa. **Ross Bridge** is the fifth-longest course in the world but offers multiple tees for golfers of all levels. Symbolic of an old parkland-style course, ten holes play along the banks of two significant lakes connected by a spectacular waterfall dropping 80 feet between the 9th and 18th greens. A gristmill added to the waterfall

RTJ GOLF TRAIL AT ROSS BRIDGE  
ROSS BRIDGE #18

reflects the history of this old mining site. The beauty and challenge of each hole leads many to believe there is not one signature hole but possibly eighteen.

Recently renovated in 2023, the course features new TifEagle UltraDwarf Bermuda grass greens, newly constructed bunkers, and several architectural changes that improve overall playability and accessibility.

The par-3 14th hole features a new ribbon bunker atop the greenside retaining wall and will challenge the scenic 18th hole for signature hole recognition.

From multiple high points on the course, you can see the picturesque view of the 9th and 18th holes with a waterfall tumbling between. The 7th hole offers a par five that traverses a ridge high above the rest of

the course. The 9th will leave you speechless as it is time to decide how daring you are off the tee. A split fairway allows for either a short challenging route along the water's edge or opt for safer play leaving a longer, more difficult approach to the green.

The **Fighting Joe Course** at The Shoals opened August 2004 and was the first Trail course to break 8,000 yards, measuring some 8,092 yards from the black tees. Bordered by dunes-like mounds and tall grasses, Fighting Joe, with wide fairways and beautifully maintained bent grass greens,

can play long if you play the wrong set of tees, but this course is simply good, straightforward golf. You can see where you're going. The question is...can you get there?

Some say the spectacular 17th hole is the signature hole on the course, but the 18th green overlooking Wilson Lake on

RTJ GOLF TRAIL AT THE SHOALS  
FIGHTING JOE #5

the Tennessee River will distract you with its beauty, if not its treachery. Long-hitters here will experience a test of champions, but from the correct tee box, all players will enjoy world-class golf.

The **Schoolmaster Course** may be a tougher course than Fighting Joe, but

only time will tell. One thing's for sure, it's a shot-maker's golf course with narrower fairways, demanding approaches to well-protected bent grass greens, and still a length of nearly 8,000 yards! It's hard to beat the beauty that the 18th hole holds on the high bluffs over the river, but the

waterfall guarding the 2nd green sure comes close. Make sure you've done your homework well, for the Schoolmaster will certainly test all of your skills.
